# **TACTILE**

### **Design Concept:**

We have designed a Tag Bracelet that allows people to actively engage in hands free tag with large groups. If the tagger steps within 6 feet of someone, that person will now be “it”. There are vibrations, led lights, a countdown, and a start, leave, and end button.

# BUBBLE TAG

6 FT PROXIMITY TAG BRACELETS

- LED, LIGHT PIPE BAND
- HEADS UP GAME DISPLAY
- ERGONOMIC, ADJUSTABLE STRAP
