

GOLD AWARD**Preston Wilson*****“Exercise-To-Order”***School: **Maltby Intermediate**Teacher: **Mrs. Catherine Wagner**Mentor: **Pro: Arthur Brown****Wyeth Tocco****Design Concept:**

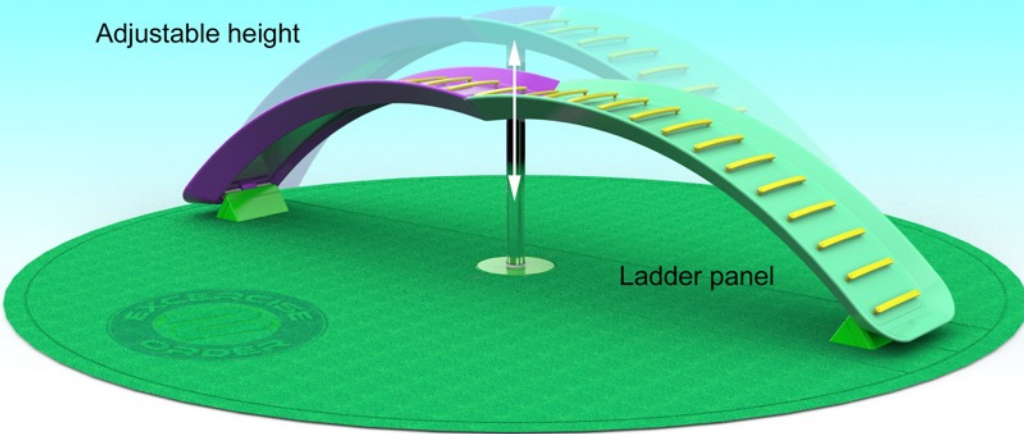

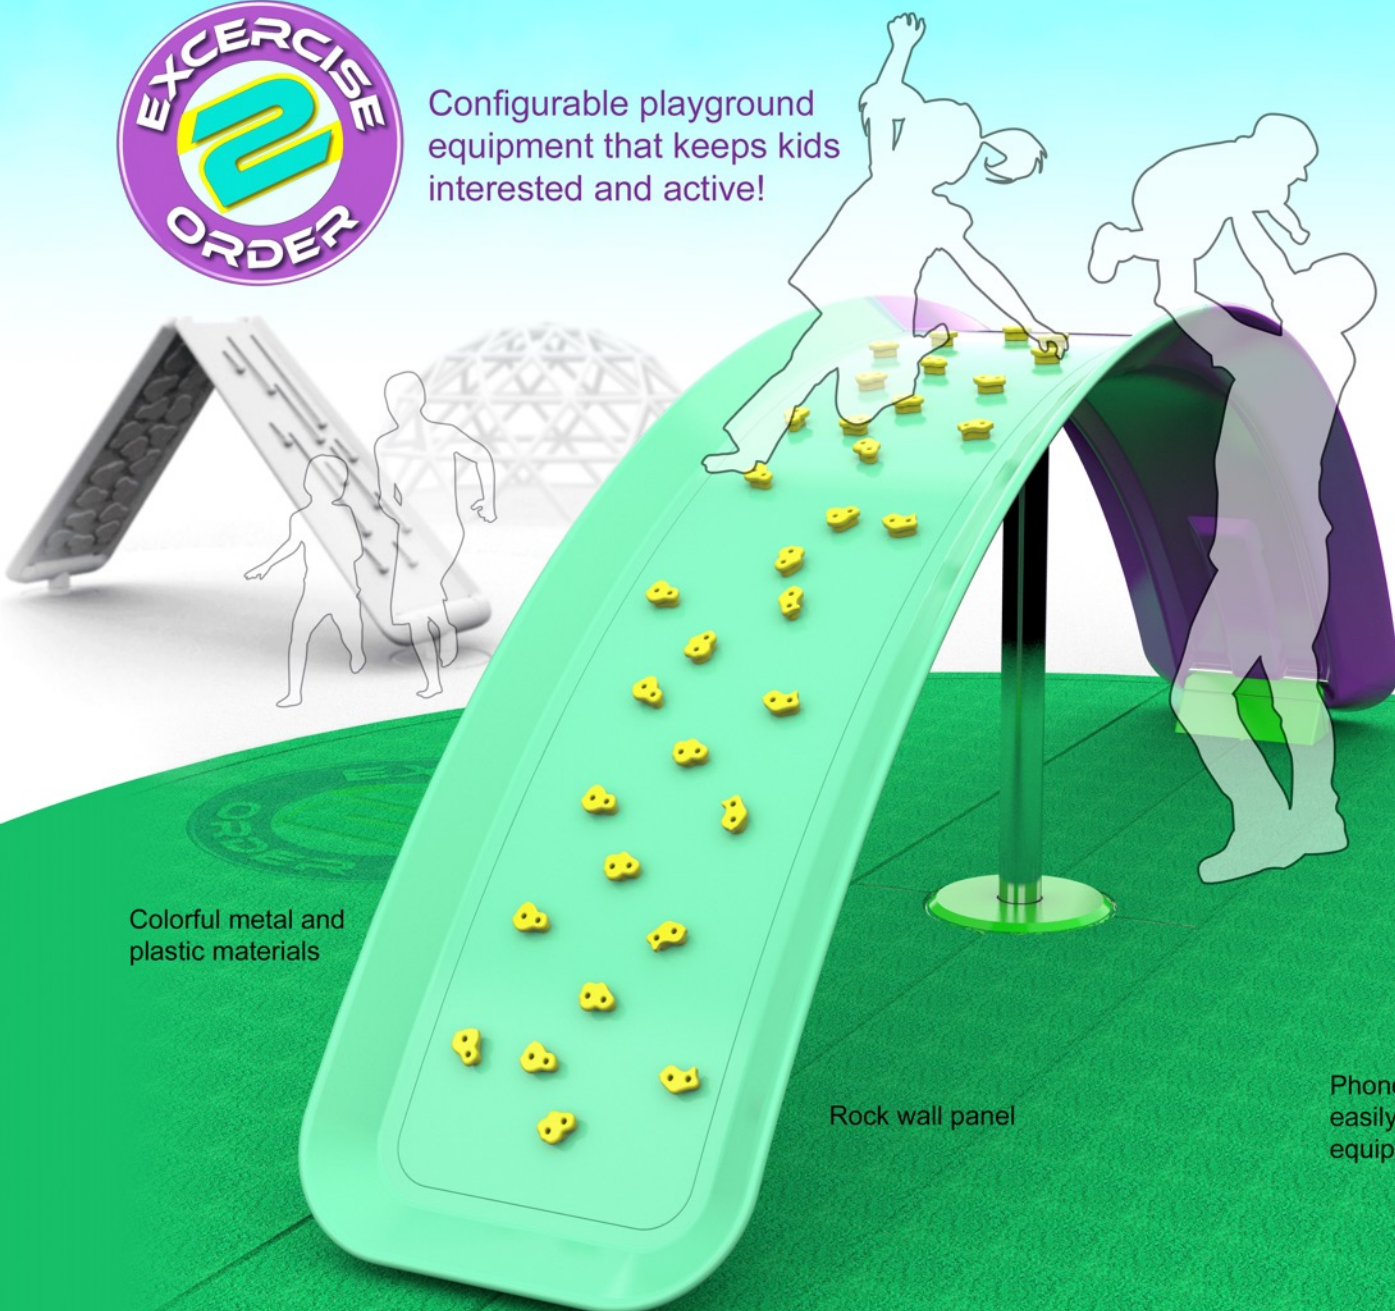

My design helps keep people from getting bored with their traditional playground equipment. It does this by completely changing its sole purpose along with the user's wants. This will get the people of Michigan who don't like traditional playground equipment (or who liked it, but it has gotten boring).

EXERCISE-TO-ORDER

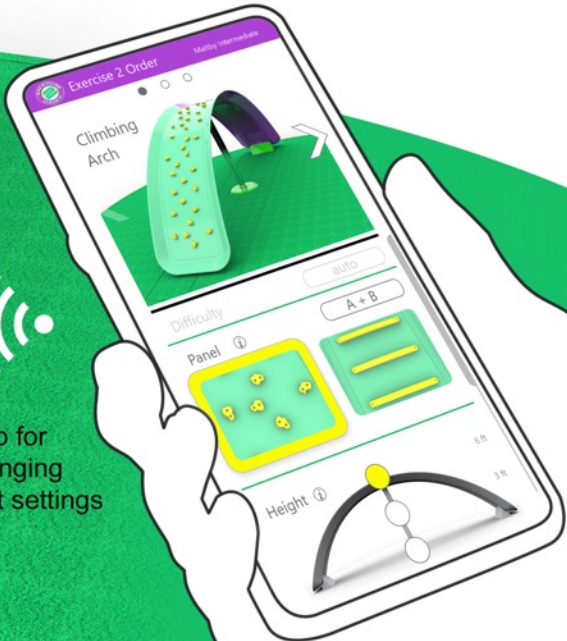

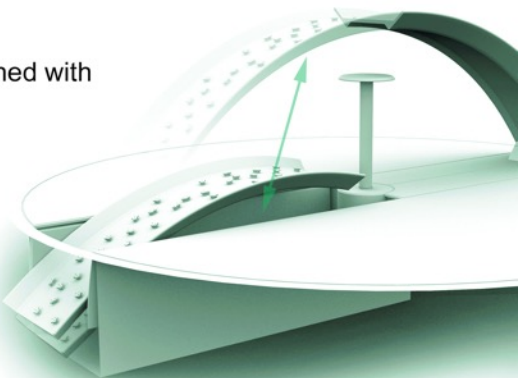

Configurable playground equipment that keeps kids interested and active!

Climbing panels are switched with those stored underground

Phone app for easily changing equipment settings
