“Ice Party Boot”

School: **Spencer Elementary**

Teacher: **Marina Oliveira**

Mentors: **Pro: Matthew McPhail
Shauryavratt Kapoor &
Francis Bazil**

Design Concept:

The Ice Party Boot is made for walking safely on a frozen lake. It has a sensor to indicate if it's thick enough and has colorful lights and music for Party time mode.

ICE SENSOR BOOT

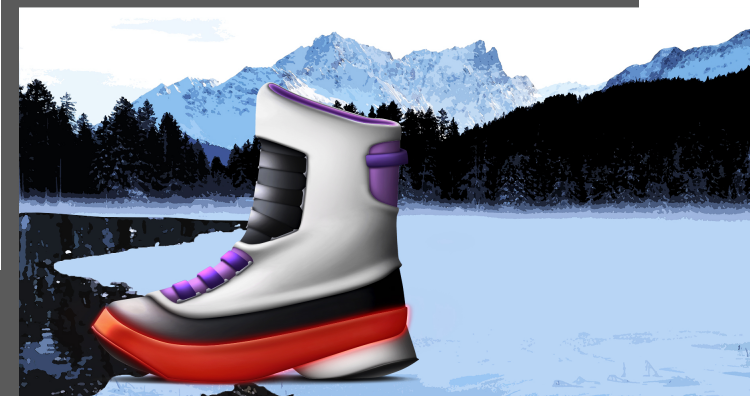

The **ICE SENSOR BOOT** has various sensors built into the snow boots like the ability to change into disco mode whenever the children are dancing on the dance floor and detect danger when near water bodies in icy lakes as indicated by the change of color in the soles of the boot
