

BRONZE AWARD

Salim Sarmoum

“The Motono Jet Ski”

School: **Washtenaw Intl Middle Academy**

Educator: **Tammy Church**

Mentor: **Arthur Brown**

Design Concept:

My design's use of my jet ski is made for general enjoyment and photography and exploring without worries. My design is also made to help explorers for an easier and safer experience under and above water.

3 Mode Jet Ski

1 Normal Mode
offers the classic jet ski experience
of speed and fun on the water

2 Stilt Mode
raises craft above water line
by several feet, allowing for
better views and photography

3 Sub Mode
encloses the riders in an air tight space
and allows for light underwater exploration

Integrated solar panels
help charge the battery

Personalizable exterior display
for graphics and extra light

30 ft
depth
